After all, they weren't just built to house bones and graves. For Beginners - Learning to See - Digital Photography School Photography is about vision â€“ real or perceived. Before we take the camera out of the bag we must first learn to look at what we are seeing, and to see at which we are looking. Often times beginning photographers will stop dead in their tracks and in haste put the camera to their eye.

An Introduction to Bird photography A Guest Post by Lithuanian Photographer Tadas Naujokaitis. Birds are very interesting creatures, but itâ€™s not so easy to photograph them. Wild birds usually donâ€™t pose where you want and, moreover, itâ€™s often difficult to get close enough to take quality pictures. But if you know some basics of bird photography, it becomes much easier [â€].
